## Graduate Student Travel Grant Proposal

### Instructions

Through the Department of Chemistry, graduate students may apply for partial support to cover travel expenses to attend professional meetings and conferences.

### Eligibility Requirements

To qualify, chemistry graduate students must be matriculated, be registered as a full-time student (i.e., registered for 12 credits as a graduate student, hold a graduate appointment, or otherwise certified as full-time), have completed at least one semester of graduate study at Syracuse University, and be in good academic standing. Travel support is only available for presentation of work at a conference. A maximum of one award may be made per student per fiscal year (July 1 to June 30). Travel grants will normally not exceed \$200, unless absolutely necessary.

### Application Process

*Graduate Student:* Please submit the actual proposal form to Amy DuPont. Hard copies of this form are available in the Chemistry Office or downloaded via our Chemistry website. In addition, you must submit written evidence that your work has been accepted for presentation to the Conference.

You will then be notified via e-mail of the proposal's approval or denial. If the Chair endorses a proposal, the Department will prepare a travel voucher on behalf of the student. You will receive communication and instructions on how to submit information for reimbursement. Please note that reimbursement cannot be completed until after the trip is over.
